Profile

I'm Salah, a computer engineering student graduating in 2023. I'm passionate about coding and programming, and have a strong interest in backend development and artificial intelligence. Throughout my studies, I've developed a strong foundation in these areas, and am always looking for opportunities to expand my knowledge and skills. In my free time, I enjoy working on personal projects, and taking the challenges to the next level. I'm excited to connect with like-minded individuals and explore opportunities in the tech industry. As I always say, our life begins when we leave our comfort zone.
